Julia,

We've known each other since the fourth grade — when we weren't on the friendliest of terms. Since that time our friendship has grown and know you are one of my very best friends. I don't know how I could have gotten through high school without your help. I have been to you with my my problems, which you have helped me solve; I have shared my joys with you, my homework, my thoughts — and you have been a truly wonderful friend through it all. I can't begin to thank you for all the work you've done on the Spotlight. It contains many of your ideas, ideas that were put into practice elsewhere besides your section. The activities section shows a lot of thought and planning before being put down on paper. It is the best I've ever seen — and I'm grateful to you.

Next year we'll be going our separate ways — you to Emory, and me to Southern — and then to only God knows where. I hope you enjoy it up there and won't have to study too much. You won't have any trouble making lots of new friends and I hope you will find one who will be very close to you — that always helps wherever you are. Set a goal for yourself and work towards that goal — and if ever you find yourself faltering — remember God is always there and He is waiting to help you if you will let Him. I don't know why I'm saying this because you are much more religious than I am, and I ~~know~~ know you can meet any temptation that will face you. I hope we will continue to

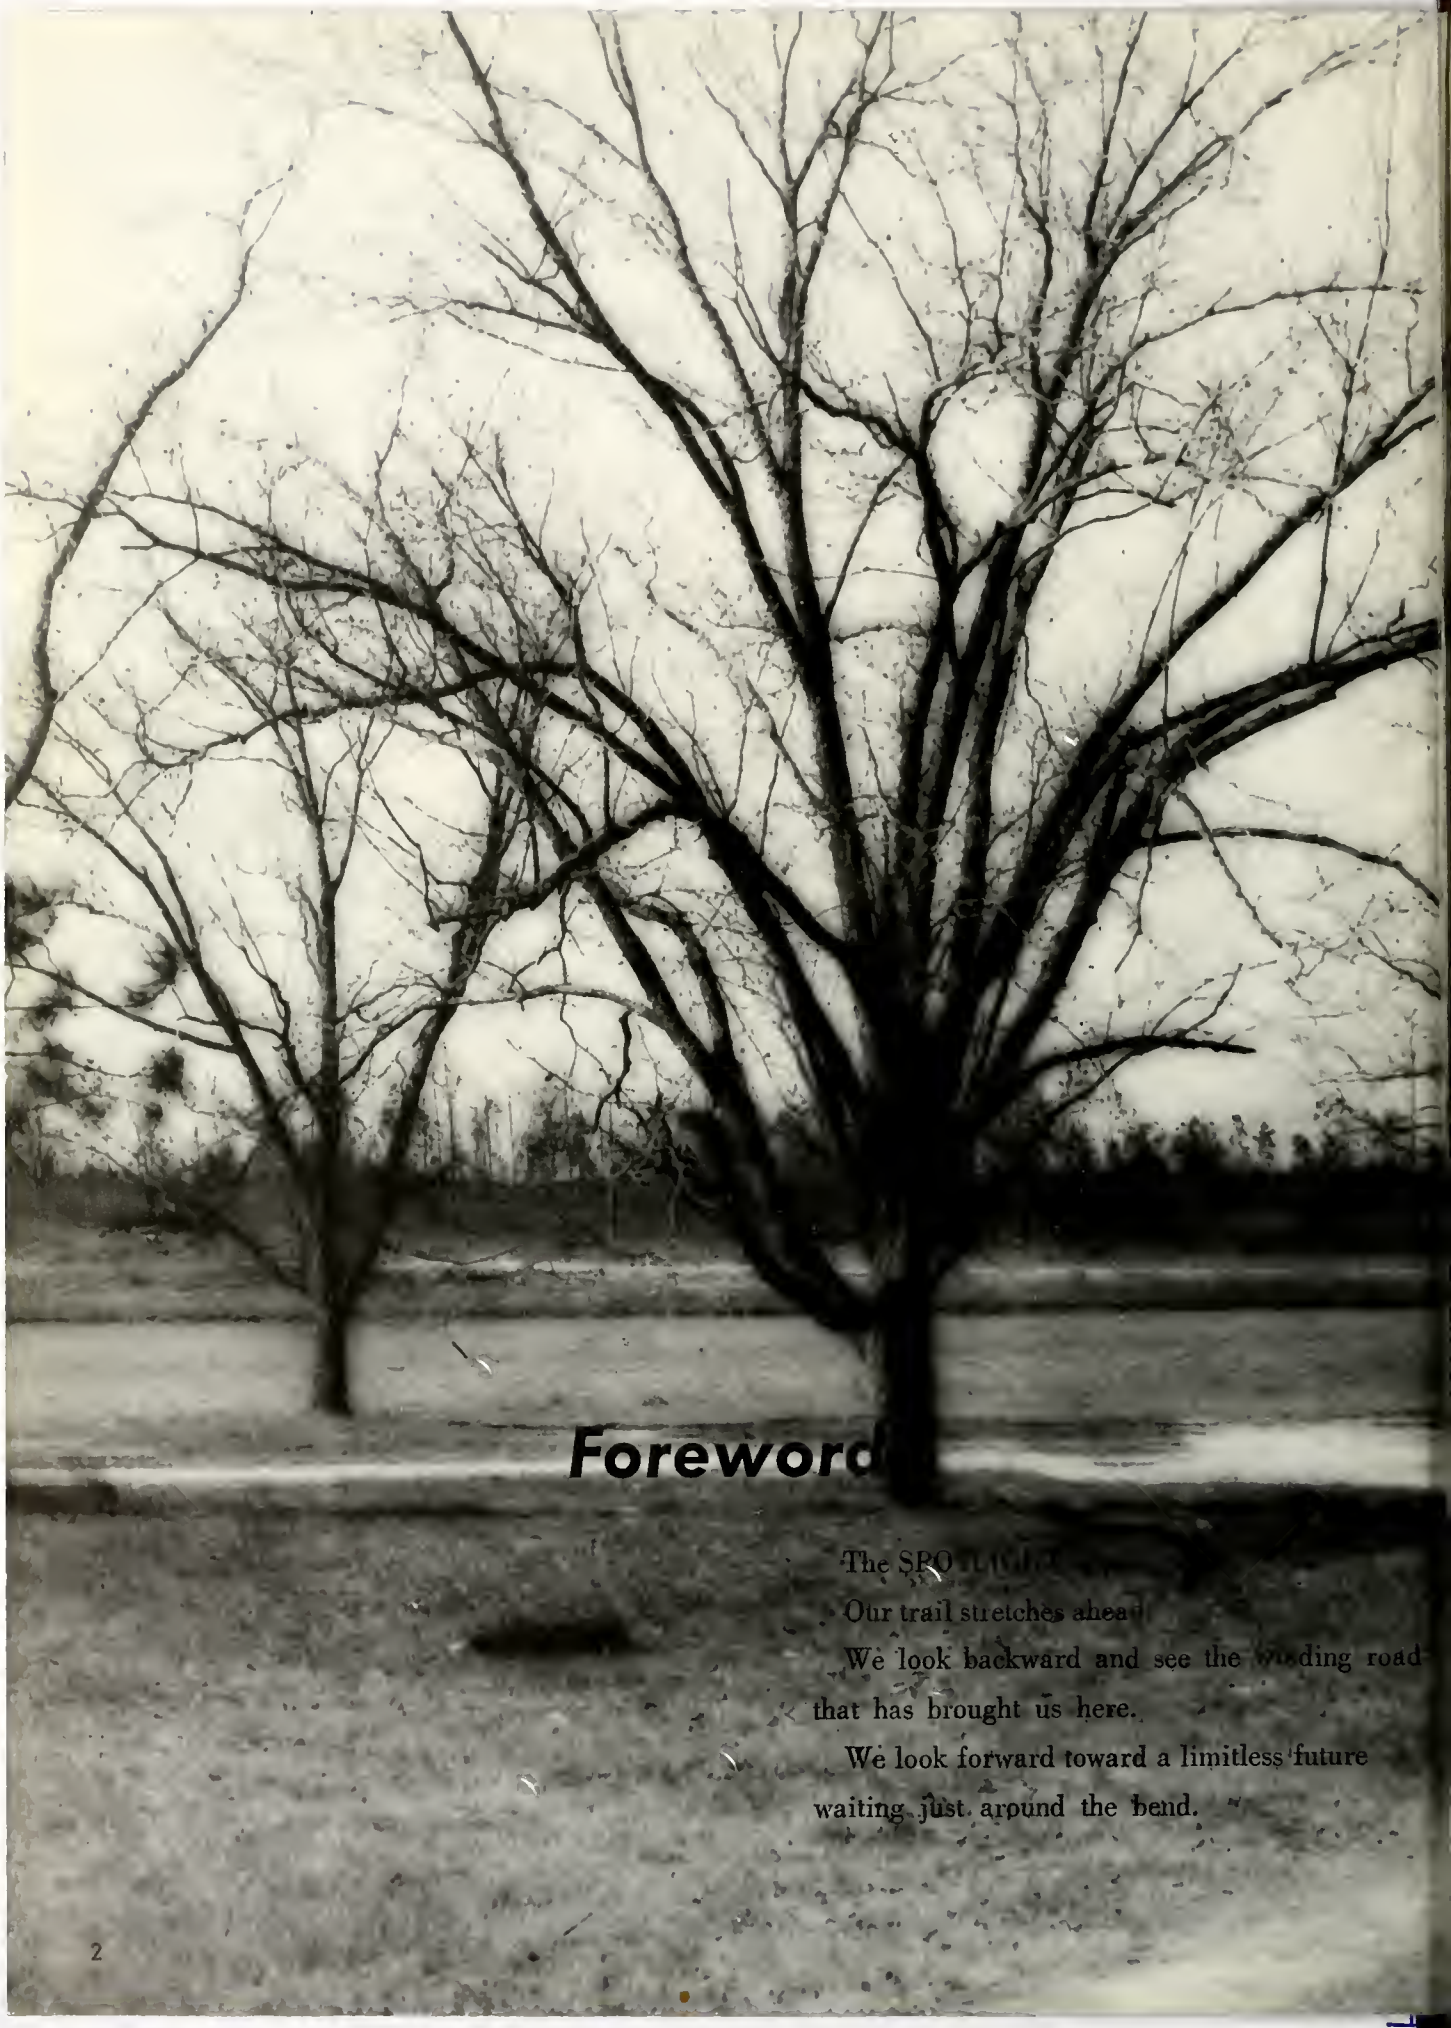
Tigers in the Spotlight



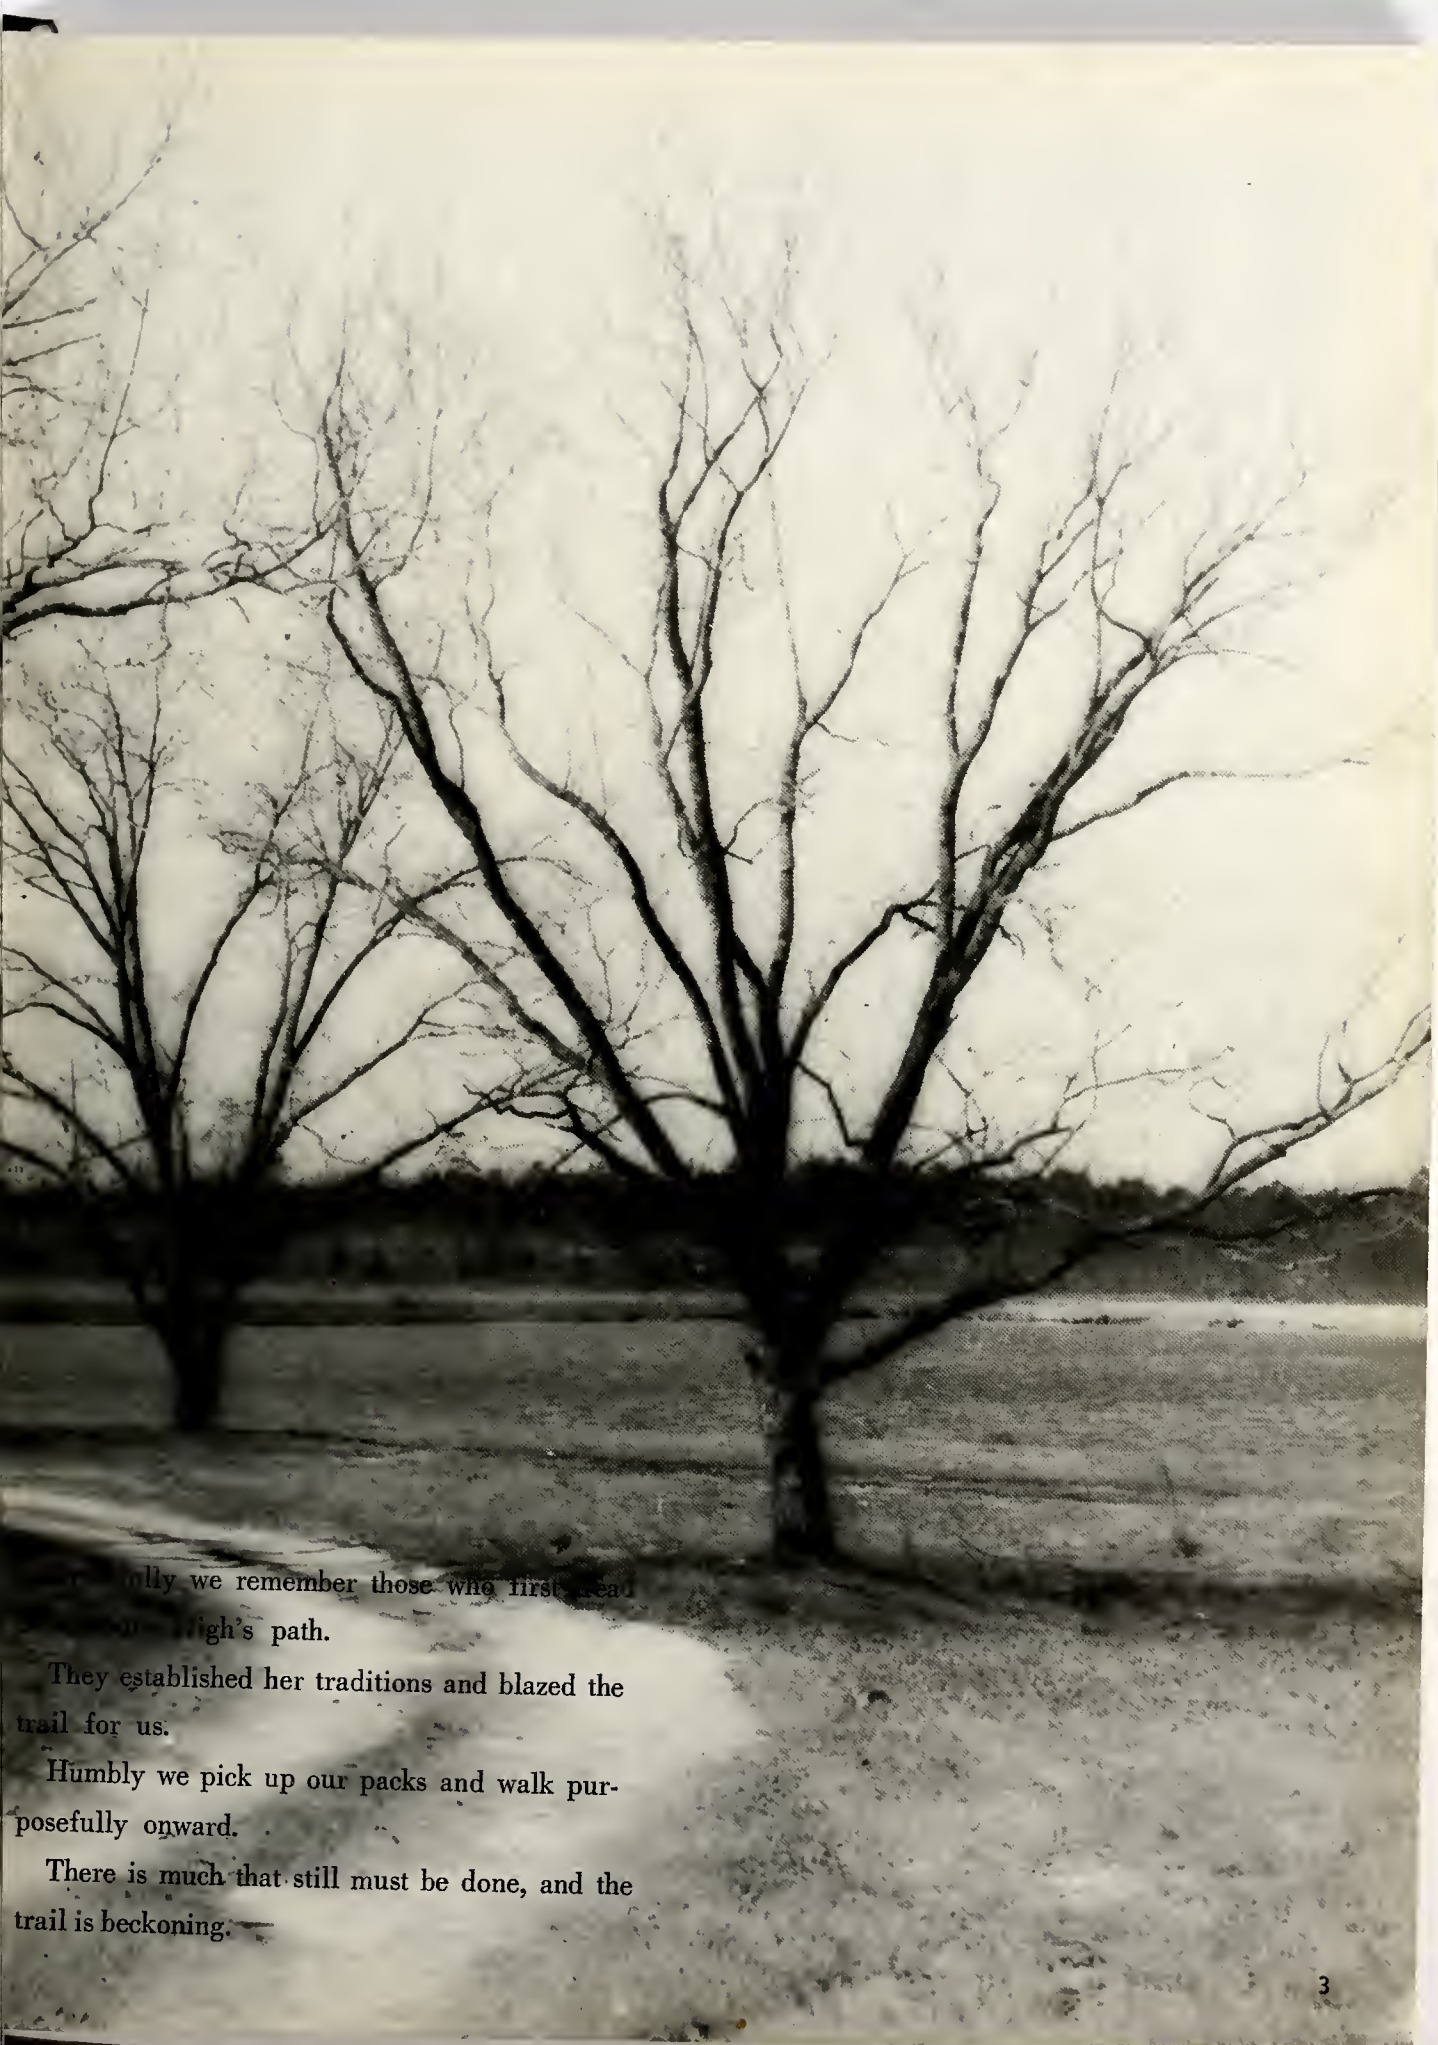
Foreword

The SPOTLIGHT

Our trail stretches ahead.

We look backward and see the winding road that has brought us here.

We look forward toward a limitless future waiting just around the bend.



[illegible]ally we remember those who first [illegible] [illegible]igh's path.

They established her traditions and blazed the trail for us.

Humbly we pick up our packs and walk purposefully onward.

There is much that still must be done, and the trail is beckoning.

Editors' Message

As the 1966-1967 school year draws to a close, there are many things to cherish as memories of Swainsboro High School. Things have not always been as we have wanted them to be, but many times things have worked together for the good.

May this SPOTLIGHT become a part of our future lives, and may it forever preserve the memories and friendships of the days spent in SHS.

"To learn and never be filled is wisdom;
To teach and never grow weary is love."

Words cannot really express the respect and gratitude of everyone, past and present, toward a person who has been counselor, teacher, and friend. She goes the extra mile to help her students and never tires in her efforts to challenge young minds to reach their utmost potential. Her philosophy and her example are one and the same. It is with deep appreciation and joy that we lovingly dedicate The 1967 SPOTLIGHT to our own . . .

Mrs. Margaret H. Dekle

Julia, you will always have a special place in my heart. I'll watch you and continue to take pride in such a fine girl. Love, Margaret Dekle

Asking Jessie, Mattie, and Clinton to keep a building housing nearly six hundred students tidy is quite a big order. However, they always seem to go about their work with smiling faces and a willingness to help out in any situation. Many times during the day we hear that very familiar cry:

"A Kingdom

"A Kingdom of One" is an entertaining dramatic play which centers around a woman's desire for self with complete disregard for the others about her.

Amy Bethune, a selfish "invalid", attempts to keep her brother Tommy from marrying his childhood sweetheart, so that he will stay and take care of his "poor sick sister".

She conspires with Annabelle, her young and innocent niece, in writing an outrageous telegram to Tommy's sweetheart and signing Tommy's name. An attempt to break this plot is made by Mrs. Grove, a neighbor, and Mr. Potts, the telegraph operator.

The play was presented for region competition January 21, 1967. Winning fourth place, it was directed by Coach Tommy Jones who was assisted by Alex Grindler. Edward Melanson helped with props, Sara Steinberg with make-up.

Julia, Now I'm finding what it's like to be a "has-been." When I was thinking of what to write I realized just how much we have been in on together. Cheerleading always comes first though! I want to commend you for making our squad what it was. I think we kinda set a precedent for future squads to follow. I really appreciate all the help you've given me. You always seem to get any job done and you never get half the credit you deserve. Thank you also for being such a good friend and for all our little talks. I think you must be the only person I know that really understands—and cares. Good luck to you at Emory. Have a good time—Your life just beginning! Love always. Keep in touch, OK?!! Phyllis

Freshmen

The Freshmen spent their first weeks learning the rules, regulations, and procedures of Swainsboro High—and the strange and mysterious ways of Mr. Fordham. They have known some of the joys of high school and are ready and eager for the days and years ahead. They have a right to be eager, too—there are many unforgettable and wonderful experiences just around the corner for them.

Juniors

President, Brent Styan; *Vice President,* Randy Fagler; *Secretary,* Ricky Lewis; *Treasurer,* Donny Wilson.

The excitement of ordering class rings, the drudgery of taking PSAT and other tests for higher education, and all other events combined, help make the life of a Junior exciting. They realize this is their last chance for unrestrained vitality, but as time draws nearer to graduation, the Juniors become fully aware of the importance of an education to prepare for a secure future.

Football

... a game of conflict between opposing teams, bringing together thousands of spectators who come for many reasons and from many places ... They jam into a relatively small space, for one common purpose: to participate in the conflict, to become totally involved and immersed in the moment ... For the player skillful performance, demanding and exact ... brutal ... yet controlled ...

Senior Superlatives

Being a Senior is super in itself. This makes a Senior Superlative a very superior being. He is one of sixteen chosen by the entire Senior class of one hundred twenty four. Thus, he must display the most outstanding qualities to the largest number of Seniors to attain his title. First he is "Superlative", but, most of all, he is "Senior".

The Spotlight Staff would like to thank Mr. and Mrs. Tobe Karrh for the use of their lovely home in making these pictures.

SENIOR HANDS and hearts have experienced success and failure, elation and disappointment, anticipation and anxiety, authority and laxity, freedom and subjection, permission and prohibition, pleasure and pain, acceptance and rejection, hope and fear, courage and cowardice, desire and indifference, pride and humility, vanity and modesty, friendship and enmity, reward and penalty, love and hate. Thus far we have traveled the byway. We have some knowledge of when to stop, when to go, and when to yield in life. Indeed, we have not bypassed education. However, the byway leads only to the expressway of life. Some of us feel prepared to enter and travel with the traffic; others of us feel compelled to drive forward further before entering the rush. We all have received instruction and are bade a warm farewell by wonderful friends. We are on our own. The only trouble is—staying in the right lane.

Julia, I sure have appreciated your shoulder to cry on when I've need it. You're such a great gal (anyone who hates school can't be all bad) with a wonderful love for life and people. Success should always find you down-hay and don't let this medical world get you down. I know you won't always remain happy & keep smiling. In other words "Keep the faith, baby".

Julia,
To one of the finest girls I ever known. You & Jack make a fine couple. Always keep your great personality & fine smile. I wish for you the very best that life has to offer. Best of luck always.

Love,
Randy

Julia,
Well, here we are, nearly at the end. Its been a long haul, but its been a blast. We've really had some great times together, haven't we? I've always been glad we were able to go school together and have always counted you as one of my best friends. You're a great girl with a great personality. Always stay the way you are and I'm sure you'll always come out on top. Best wishes always in everything.

Love,
Nanny Lamb

together. I have
always looked up
to you and respected
no one more.
I want to wish
you all the luck
in the world in
college and all
through life.
Lots of love,

Hallahan

Julia,

Where can I begin to tell you how much you've meant to me. You've helped my high school days in everything from our "little talks" up to the big problem of teaching me how to cheer. Remember? I bet you thought I was the dumbest girl that ever became a cheerleader for more than one year. Thank you for showing so much kindness and patience, instead of snapping off my head like you should have done. All of my memories of high school I believe this year's football season will stand out. You helped make it a success for me. You've also helped me many times with little things like how to phrase a sentence to showing me how to make an ad look good.

I only hope that after we are out of school we can still remain the friends that we are now.

May God Bless You,
Diane Thompson

Julia, I've really been
proud this year, in spite of
all the smoking around
the school. Have a good
summer on top of the
world. Just a few more
months & then it's
SENIOR
year, I'm so
glad I've had
you as a friend
& know you
will always be
a good friend
to me. Good
luck in
everything
you do.
Love,
Sandy

Dear Julia,

Thanks for having me down so much. I really do miss ya'll and Swainsboro a lot. It's your turn to come see me. Maybe you can come up before school is out and bring Jack. We'll find something to do. I hope you're going to like [redacted] Cindy next year. I'll be up there to visit you if you don't get too busy to see me.

You're one of the few people in Swainsboro I'm still close to, and I hope it will always be that way.

Good luck.

Love,
Judy

P.S. Don't cry too hard at Graduation. I know you're going to hate to leave here. I'm really going to miss not graduating with ya'll.

Julia,

I've enjoyed going to school with you (AND back) these last couple of years. This year has been the best yet because we've grown to love Mrs. Beasley so much. Best of luck always and keep straight next year in school.

Best wishes,
Mike

Julia,

I've really enjoyed being able to be around you throughout high school - I hope you will always try hard at things. Remember the 6th grade? - thanks for teaching me how to do the twist! - May you always be happy with whatever you do

Ronny

Dear Julia,

This year has passed so quickly - I can't believe the year is almost over + your high school career is almost over. I'll never forget the tryouts, clinic practices, pep rallies + football games. You were so nice to haul me around in "Scooter". If I make cheerleader next year I want you to go to the games when you come home. Don't become like some other college kids (unpatriotic). I know you'll change some, but try not to forget all the times when we giggled + cried (Thomson football game). I'll never forget. Stay sweet!!

Love always,
Mary Alice

Julia,

It's hard to find words to describe feelings when you know that in a matter of weeks life will change completely. We'll meet new friends, pick up new habits, mature, flunk or pass. Whatever, I hope we'll be friends four years from now. It makes me uncomfortable just to think about it. I hope that when you get to Emory, you'll get along great. I'll miss you and your companionship, but we can maybe get togetha on week-ends ~~at~~ when we come home. I know you'll really miss Jack and I pray that things will work out for the best with each of you. I know many times life will be confusing, as always, But never let it stray you away from what you know to be the right and moral things in life. (I'm somebody to be telling you that). I hope you have all the happiness and true satisfaction life has to offer and May God Bless You Always.

Love,
Cathy

Julia,
I've really enjoyed going to school with you since I started going to Swainsboro. You're one of the nicest + best all-around girls I know. You're always polite to everyone. Your friendliness has meant a great deal to me. I hope that you will stay the same throughout life, because everyone you meet will feel more at ease. I hope you get everything out of life because you deserve it

George

Reserved

Julia,
It has been a long four years and their almost over. It's sad but it's happy. It's sad because we leave so many wonderful people, people like you Julia. And it's happy because there are new places to go things to do and new friends to make. There will always be a special place in my heart for you and Jack. Both of you have always meant so much to me and my memories of S.H.S. will revolve around you. I only hope Emory can be as happy for you as you have made high school for me. The best of luck always and in everything. And for me — Be Happy.

Love Ya,
Linda

Julia
We've been together for some twelve years now. In all that time I don't know any girl I admire more than you. Your personality, your appearance and intelligence surpasses anyone in my estimation. It will be rough leaving all my friends like you after graduation. I hope we will never cease to be friends. Maybe we can see each other on weekends sometimes. I know you'll be happy at Emory. That's where you belong. I wish nothing but the best for you all your life, you deserve no less.

A Friend Always
Love
Judy Womack

Reserved

Julia,

We have had some swinging times in our high school days. But I still remember the 7th grade. I wish you all the luck in the World for your future.

Love, Eddie

Dear Julia,

Boy! isn't Emory in for something big. It won't be the same with us. When we get there standards are gonna be raised. SHS standards will drop without us. Seriously, though, I'm looking forward to it all and I'm so glad you're gonna be there. Julia, I know these past 2 yrs. have been the best of my life so far and you just don't know how much I appreciate your help (especially for what you did in election for Senior class officers). You are certainly the kind of girl Emory needs if for no other reason than just your sound character & sterling personality. Jack is so lucky. If there's any time (there'll probably never be) you might need my help, just let me know cause you've really helped me. Julia, you're one of my best friends here, and I know you'll always be. There's so much more I could say but I gotta leave room for somebody else. But what I've said, I mean.

Love,
Carter

Julia,

I see no point in trying to write how much you have meant to me in a little place in this annual. This year has been no ball for us, has it. I'll try to remember only the good times that we were able to make for ourselves (Okefenokee, ballgames, spend-the-nights, etc.). I'm really going to miss you next year. I'll always consider you a dear friend and appreciate what you've meant to me. Best of luck always to one who truly deserves it and may God bless and keep you.

Love,
Bill Sayton

Julia,
I've enjoyed having you as a cheerleader and cheering the Tigers to a bunch of victories. I'll be sorry to see you leave good ole S.H.S. I hope in some way I'll be able to carry on the great job you've done at M.Y.F. Hope you and Jack carry on the tradition ya'll have left in Swainsboro as being the most steady-steadies in town.

Best of Luck always,
Ricky Lewis

Julia,
It's been a real pleasure knowing you and going to school with you all these years. You've really got what it takes to go far in this world & with Jack by your side I know you'll make it. Good luck next year at school &

Best Wishes Always,
Ted

Julia,
I can't begin to say what my friendship means to me, now coming the trip. Made I have come to appreciate I just so a I don't feeling that after a while among today just accepted me for what I really was. Now'll mean from this made that means to me. I wish you the best of luck as you go to school make this year a great one. Keep up the wonderful work you are doing.

Julia Lewis
